

Whose Canada

2 CRIME

STEPHEN HARPER'S

- * \$13 billion for US-style mega-prisons at the federal level
- * The death penalty
- * Fear-mongering and politics
- * More people in jail for longer periods of time
- * Eliminate the gun control registry
- * Budget cuts for the Victims of Crime Initiative
- * Huge tax breaks for corporations

YOURS & MINE

- * More resources to address overcrowded provincial prisons
- * Tough on the causes of crime
- * A real debate based on facts and evidence
- * More for mental health care, drug treatment programs and poverty reduction
- * An effective gun registry that helps protect families, women and frontline police officers
- * More support for victims and strengthening their rights
- * Tougher laws and penalties for corporate crime

The Harper government isn't TOUGH on crime. It's DUMB on crime.
